

TIPS TO ENJOY THE BEACH

Do not leave anything of value in your vehicle; no documents, no money neither your mother-in-law!

Watch the little ones at all times, especially when they go into the ocean!

Do not leave your valuables alone and unattended on the beach!

If a red flag has been put up, it is not to decorate the beach but to warn you that the currents are strong and dangerous!

Your trash is not part of this environment, please clean after yourself!

If you have an emergency dial **911** from any phone and notify the lifeguards!
